

Summer Session – Course Expectations

Learning is a privilege. Cherish it. Treat learning as an opportunity.

Assignments

Assignments should be neatly completed in blue or black ink on one side of the page, double-spaced, with 1 inch/2.5 cm margins. Typed assignments are expected as they create a polished and professional tone which is important for your education and future career. Use Word documents.

Ensure you turn in all assignments. When you complete and turn in an assignment, it counts toward your overall grade. Research is an important part of learning. Plagiarism interferes with learning.

In the event of an Extenuating Circumstance, students need to schedule a discussion with the teacher and provide a letter explaining the circumstances with parent/guardian's contact information.

Tests

Unit tests will be administered on a regular basis. Weekly quizzes and tests will occur throughout the summer session, so always review. If you are absent because of extenuating circumstances, you must write the scheduled test - or an alternate test - upon your return. Ensure you maintain contact with your teacher. Remember, in the five week summer session schedule, one day is the equivalent to two weeks!

Preparedness

It is important that students come to class and possibly join LVL (Live Virtual Lessons) on time and prepared to work. Arriving late will lessen the harmony with your classmates, lessen connection with the classwork, and interfere with your marks.

Use a calendar and manage your study time. Be aware of class assignments and expectations. If needed, message classmates through Teams regarding class information. Individual and group presentations must be given on assigned dates. Talk with Ms. BT about any course work concerns.

Please check the website: <http://bryant-taneda.weebly.com>. Click your *Course* button on the page bar; there will be a *Homework* section explaining class work. Explore the dropdown menus for more resources especially compiled for this course.

Office Hours

The best way to contact Ms Bryant-Taneda is through Microsoft Teams' Chat. I will respond to Teams' Chat messages from 8:00am to 1:00pm, Monday through Friday. Outside of that period, I will do my best to respond within approximately 24 hours.

Contact

Please contact Ms. Bryant-Taneda by email: jbryant-taneda@sd35.bc.ca

Classroom operating procedure

- Bring only what you need. Computers may be used. Cell phones and technical devices may be used for class purposes, otherwise they are turned off and placed face down on the desk where the teacher can see them.
- Collect your belongings, push in your chair, and leave the classroom in an organized state.
- Follow the general rule of RESPECT regarding behaviour and study in the classroom.
- Please wear a mask in class

EVALUATION

As senior students, unit assignments will be scored out of six according to BC standard assessment. This will be converted to a percentage and letter grade on this scale:

A	86% and up	C-	50%-59%
B	73%-85%	D	40%-49%
C+	67%-72%	E	under 40%
C	60%-66%		

J.Bryant-Taneda – Course Expectations Name: _____ Block: _____

TURN IN AFTER REVIEWING *COURSE SYLLABUS* AND *COURSE EXPECTATIONS*

Course Name and Block: _____

Student Name: _____ Date: _____

I have read and understand the Course “Syllabus” AND the above “Course Expectations”:

_____ Student name and signature

_____ Student email (print clearly)

_____ Student cell phone

_____ Guardian name and signature

_____ Parent/guardian email (print clearly)

_____ Parent/guardian cell phone

Please complete and turn in your “Course Expectations”. You will receive completion credit (your first “homework” submission). Keep a digital or printed copy for your records.

Thank you.

:)
